2022

La tradizione artigianale toscana incontra l'esperienza dalla quale Nasce CORNICI INCOM, azienda specializzata nella commercializzazione e distribuzione di cornici per il mercato nazionale ed estero.

The Tuscan craftsmanship tradition meets the experience CORNICI INCOM is born, a company specializing in the marketing and distribution of frames for the national and foreign market.

Si ampliano gli stabilimenti e le strutture commerciali per rispondere in modo efficace alle esigenze di mercati sempre più ampi e internazionali.

The factories and commercial structures are expanded to respond effectively to the needs of increasingly large and international markets.

L'innovazione che parte da lontano

CORNICI INCOM è un'azienda fondata nel 1975, ed attualmente si occupa della produzione e commercializzazione di cornici. Annovera tra i suoi più importanti clienti, prestigiose aziende riconosciute a livello internazionale.
Lo stabilimento di Pisa, situato nella bellissima Toscana, si sviluppa su 5000 metri quadri di superficie ed è organizzata in un magazzino, unità di produzione, di assemblaggio e uffici. Nel luglio dell'anno 2000 lo stabilimento è stato ulteriormente espanso attraverso la costruzione di un'ulteriore palazzina che ospita uffici e parte del magazzino.
Siamo inoltre esportatori dal 1975, riuscendo ad acquisire una sostanziosa parte del mercato, grazie soprattutto all'eccellente qualità della materia prima utilizzata dalla produzione. Le nostre cornici, possono essere personalizzate sia a livello di colore che forma. Le rifiniture artigianali sono una garanzia dell'originalità e della massima cura prestata nei minimi dettagli.

CORNICI INCOM was founded in 1975 and is presently involved in the design and manufacturing of solid wodd picture frames with handycraft finishings. It has, amongst its most important client, prestigious companies.
The Pisa establishment is outstretched over a 5.000 square metre surface and is organized into workshops, assemblage units, warehouses and offices. July 2000, the firm was notably enlarged including the building of a new shed, which hosts offices and part of the warehouse forwarding.
We have been exporting all over the world since 1975 and we succeded in acquiring a large section of the market, thanks to the high quality of the raw materials used in the production. Our picture frames can be personalized both in the moulding and in the colour. The handicraft finishings are a warranty of a highly original product in which the utmost care is paid to the smalled detail.

Showroom interno

Nell'ampio showroom interno allo stabilimento è possibile ammirare la qualità dei prodotti e valutare in anteprima le ultime novità delle soluzioni CORNICI INCOM.

The in-house showroom
In the vast in-house showroom, people can come and see the products' excellent quality standards and enjoy a preview of the latest news at CORNICI INCOM.

Toscana Italia

É a Vicopisano, nel cuore della Toscana, all'interno del grande stabilimento di oltre 4000 mq, che prendono forma le creazioni originali di CORNICI INCOM. Dalla progettazione fino all'assemblaggio e alla spedizione del prodotto finito, tutto avviene sotto il controllo diretto dell'azienda, a garanzia di un prodotto unico, degno interprete dell'eccellenza del Made in Italy, frutto di un perfetto mix tra tecnologia e tradizione.

It is in Vicopisano, right in the heart of Tuscany, within the big 4000 sqmt site, that CORNICI INCOM unique creations come to life. From the design to the assembly and the shipment of the finished good, everything takes places under the company's direct supervision, for definitely unique products that are the worthy embodiment of the best Made in Italy, the result of a perfect combination of technology and tradition.

Nei nostri magazzini periferici, dove viene stoccato il legno grezzo, inizia la lavorazione di taglio e scorniciatura delle tavole. La lavorazione prosegue poi con efficienti e moderni macchinari per verniciatura, seguendo cicli ottimizzati ed usando i prodotti più conformi, in base alle svariate finiture. Un reparto molto importante che esalta il nostro metodo di lavorazione artigianale è il reparto di doratura manuale. Sulle aste viene applicata da mani esperte la fogia d'oro. Alcuni esempi di aste verniciate in vari colori che compongono il nostro ricco campionario. Succesivamente vengono sezionate e accuratamente imballate nelle scatole per essere spedite o stoccate nel magazzino centrale che, con una superficie di 2.500 mq, contiene costantemente un elevata qualità di aste nei vari colori e finiture per soddisfare totalmente le esigenze dei nostri clienti.

Our raw wood is stocked in stores located near by aur mean building and the process of cutting and shaping the planks, begins here.
The processing is then continued through usage of very efficient and modern painting machinery. This is done by following optimized cycles and using products which, depending on the various finishings, are the most compliant. One very important department, which exalts our craftsmanship, is the manual gold-plating department. There are examples of varnished rods, in various colors, within aur rich collection of samples. Following this, they are then sectioned and carefully packed in boxes in order for them to be either shipped out or stocked in our central store which, with an area of 2.500 square meters, can hold at all times enough materials in various colors and finishings to satisfy the needs of our customers.

Il marchio della gestione forestale responsabile

Il Logo FSC ® identifica la materia prima utilizzata, proveniente da foreste certificate in conformità alle norme Forest Stewardship Council ®

Il marchio del Forest Stewardship Council (FSC) indica che la nostra azienda, utilizza materia prima, proviene da una foresta correttamente gestita secondo rigorosi standard ambientali, sociali ed economici.

Scegliere di utilizzare materie prime certificate significa garantire che le foreste di origine siano gestite in modo responsabile, sottratte a forme di distruzione e sfruttamento eccessivo, fuori dai circuiti del commercio internazionale di legname proveniente da tagli illegali, foreste in cui i diritti delle popolazioni locali e dei lavoratori sono rispettati, in cui la conservazione della biodiversità è prioritaria, foreste salvaguardate.

La foresta di origine è stata infatti controllata e valutata in maniera indipendente in conformità ai Principi e Criteri per la gestione forestale stabiliti ed approvati da FSC. Il Forest Stewardship Council è un'associazione internazionale senza scopo di lucro che include tra i membri gruppi ambientalisti e sociali e industrie di prima lavorazione, trasformazione e commercializzazione del legno che collaborano per migliorare la gestione delle foreste in tutto il mondo.

nota: gli articoli FSC ® sono disponibili su richiesta

GENERAL CONDITIONS OF SALE

1. GENERAL CONDITIONS: The Buyer declares having full knowledge and acceptance of the following conditions regulating the supply of products furnished by CORNICI INCOM s.r.l. herein after referred to as the Supplier. Having agreed to the following conditions, the Buyer further waives the right to assume all other conditions of purchase that could be considered in whole or in part as constituting a possible condition of sale.

2. ORDERS: Following every purchase order, regardless the means of communication to the sales agent, we will confirm the order indicating the conditions and terms of shipment on an individual order basis; all orders will only be processed following this confirmation and as such we highly reccomend that the Buyer verify the contents and inform the Supplier immediately, in writing, of any discrepancies possibily contained therein. Three days following the communication of such confirmation the order will be considered accepted as is, and will be processed in good faith, should no written notice be received by the Buyer indicating otherwise.

3. NON-STANDARD ITEMS: Our technical department has final say on all request for specific moulding profiles and/or custom finishes not contained in our regular line based on feasibility considerations; in such cases, pricing, minimum quantities and lead times shall be agreed upon on an order by order basis. Non -standard items will be produced only after receipt of the Buyer.s signed and stamped confirmation, acknowledging acceptance, confirmation that will serve as the basis for production and billing content.

4. FREIGHT: All merchandise is shipped at Buyer.s risk notwithstanding the goods may be shipped CIF or freight free. For orders to be shipped CIF, all net orders less than €uros 500 will include a supplemental €uros 50 for freight considerations. (Only shipped in Italy).

5. DELIVERY OF GOODS: The terms of delivery are not considered binding on behalf of the Supplier until such time as the carrier takes possession of the merchandise.
No indemnification shall be considered for direct or indirect loss due to delays in consignement, suspension, interruption or resolution thereof of the delivery of goods.

6. CONFORMITY OF GOODS: Conformity of goods to the sample product, whether it be with the first or any other successive shipment, cannot be strictly determined and defined due to the nature of the product: the Buyer should thus allow for a margin of tolerance in detalis concerning color, material and dimension. The Supplier declines any responsibility for possible catalog, flier or digital representation discrepancies as well as differences in color or finish between such sales tools and the actual product.

7. PAYMENT: All payments should always be forwarded to the Supplier.s head office, using previously determined means and within the agreed upon terms, without subtractions or alterations to the amounts owing with prior authorization from the Supplier. Checks, promissory notes, bank money order or drafts will constitute full payment following final bank confirmation of the receipt of the funds in question. All payment are due within the pre-determined deadlines regardless of whether the goods, having been delivered in good faith and the Buyer.s disposition, are retrieved or not by said party. The payment terms quoted and agreed upon cannot thereafter be extended or renewed. Unpaid or late payments will be subject to monthly interest penalties on arrears based on current rates such time as all outstanding and overdue amounts are remitted. Any and all bank fees pertaining to such payment are at the Buyer.s expense and will be invoiced accordingly. Notwithstanding any possible dispute or claims against amounts owing, all payments cannot be suspended or withdrawn.

8. SUSPENSION OR RESOLUTION OF ORDERS: Should the Buyer not respect, even in part, any or all conditions of sales or otherwise change, in whole or in part, the status of its business, or its commercial viability, as well as fall subject to possible financial difficulties as reported, even by third party creditors, the Supplyer reserves the right to suspend outstanding or future consignment of goods, or request immediate payment for any or all sums owing, or request personal guarantees before proceeding with the consignment or otherwise suspending all in-house orders.

9. EXCLUSIVE PROPERTY: Goods delivered remain the exclusive property of CORNICI INCOM s.r.l. until such time as all obligations, terms, and conditions are fully satisfied by the Buyer. The Supplier reserves the right to retrieve the goods if said obligations and full payment are not met and acquitted. Late payment, regardless of the delay, authorizes the Supplier to resolve the issue, either by requesting immediate and full payment, including any and all interest and arrears owing, reclaiming and withholding all goods collected for refusal of settlement for goods purchased.

10. CLAIMS AND DISPUTES: All claims must be expressly communicated in writing to the Supplier within eight days following delivery of goods. Such claim however does not invoke the right on behalf of the Buyer to suspend or delay agreed upon payments. The claim shall be accepted following a proper inspection of the goods in question by the Supplier or one of its representatives; should the inspection result in the necessary, complete or partial, replacement of the merchendise, such replacement must be expressly authorized by the Supplier , and will be restituted at no extra cost, freight included. Claims for which the Supplier acknowledges such responsibility, are implicity understood by all parties to be limited to the settlement of accounts of merchandise, thereby excluding any and all other claims of indemnification for any other type of loss or damage, directly or indirectly arising from such claims.

11. RETURN OF MERCHANDISE: The restitution of merchandise and its freight costs must be pre-approved and authorized by the Supplier, who assumes all costs of such return including freight. Credits for the return of new and unused factory goods, in seemingly perfect condition, will be issued to the Buyer at the Supplier.s net invoice price, regardless of the price list in effect at such time.

12. IMPROVEMENTS & MODIFICATIONS: In an effort to continually to improve upon and correct technical aspects of the product, the Supplier reserves the right to alter and/or apply such aesthetic or technical modifications without prior consultation or advisement. Claims for such, nevertheless, minor improvements and modifications to the finishes or molding from one production series to another, cannot therefore be ascertained.

13. COMPETENT FORUM: For all legal purposes or for any controversy arising from said document, all parties agree the settle the dispute
withinthe legal jurisdiction of a competent forum in Pisa, Italy.
