**MADE IN ITALY**  
**EXPORT WORLDWIDE**

**CORNICI INCOM Srl**, fondata nel 1975, è un'azienda leader nella produzione di cornici di alta qualità. Con sede in Pisa la nostra struttura si estende su una superficie di 5000 metri quadrati, includendo aree dedicate alla produzione, al magazzino e uffici, assicurando così un controllo su ogni fase di lavorazione. I nostri prodotti vengono esportati in tutto il mondo tramite una rete di distribuzione capillare, l'accurata lavorazione artigianale e la pronta disponibilità a magazzino distinguono la nostra offerta qualitativa. Questi punti di forza ci consentono di soddisfare con successo le esigenze di una clientela internazionale, coprendo l'intero mercato mondiale.

***INCOM CORNICI Srl**, founded in 1975, is a leading company in the production of high quality mouldings for frames.  
Based in Pisa (Italy) our facility covers an area of 5000 sq. meters ( 53,819 square feet ) including dedicated production, warehouse and office areas, thus ensuring complete control over each processing phase.  
Our products are exported all over the world through a wide distribution network, the careful craftsmanship and the ready availability in stock distinguish our offer for quality excellence.  
These strengths allow us to successfully meet the needs of an international clientele covering the entire world market.*

**I NOSTRI PUNTI DI FORZA:** *\_\_QUALITÀ*  
*\_\_ECCELLENZA*  
*\_\_MAGAZZINO*  
*\_\_PRONTA CONSEGNA*

## SHOWROOM

Nell'ampio showroom interno allo stabilimento è possibile ammirare la qualità dei prodotti e valutare in anteprima le ultime novità delle soluzioni CORNICI INCOM.

*The in-house showroom In the vast in-house showroom, people can come and see the products' excellent quality standards and enjoy a preview of the latest news at CORNICI INCOM.*

## LE LAVORAZIONI THE PROCESSINGS

La lavorazione delle nostre cornici inizia nei magazzini periferici, dove il legno grezzo, viene selezionato, tagliato e sagomato.

Le aste entrano poi nel processo di verniciatura realizzato con macchinari all'avanguardia, i cicli vengono ottimizzati usando materiali adatti sia per la verniciatura a spruzzo che per la trafila con lo scopo di ottenere un'avasta gamma di finiture, che siano pellicole, oro meccanico, laccati lucidi e opachi e all'occorrenza l'applicazione manuale di foglia oro.

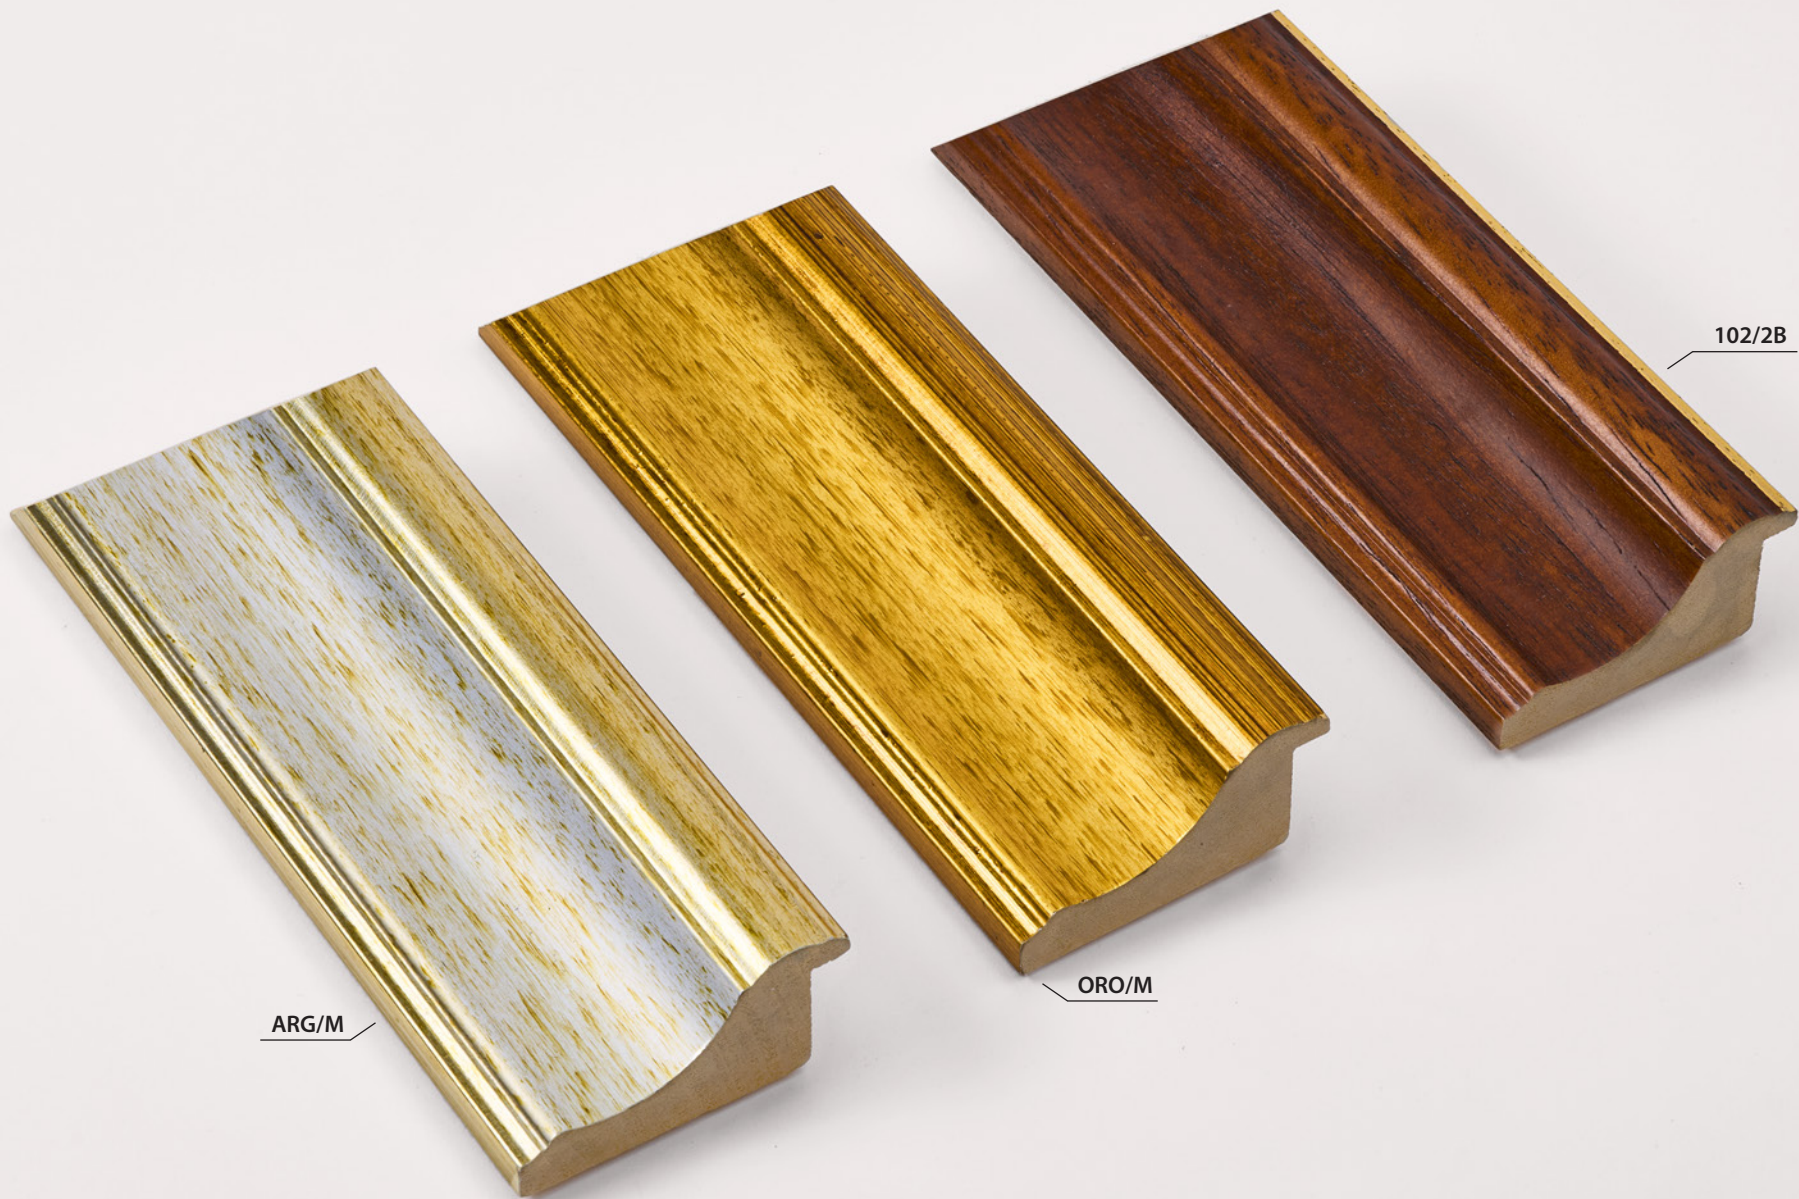

*The processing of our mouldings for frames begins in the outlying warehouses where the raw wood is selected, cut and shaped.*

*The mouldings then enter the painting process made with cutting edge machinery. The cycles are optimized using materials suitable for both spray painting and drawing in order to obtain a wide range of finishes, be they films, mechanical gold, glossy and mat lacquer, if and as necessary it can be applied the manual application of actual gold leaf. After the various processes the mouldings are cut up, carefully selected, wrapped and boxed ready for both shipments or storage in our warehouse. A space of about 26,909 sq. feet (=2.500 sq. meters) constantly provided with all the products in our catalog ready to meet every need of our esteemed customers.*

# GENERAL CONDITIONS OF SALE

**1. GENERAL CONDITIONS:** The Buyer declares having full knowledge and acceptance of the following conditions regulating the supply of products furnished by CORNICI INCOM s.r.l. herein after referred to as the Supplier. Having agreed to the following conditions, the Buyer further waives the right to assume all other conditions of purchase that could be considered in whole or in part as constituting a possible condition of sale.

**2. ORDERS:** Following every purchase order, regardless the means of communication to the sales agent, we will confirm the order indicating the conditions and terms of shipment on an individual order basis; all orders will only be processed following this confirmation and as such we highly recommend that the Buyer verify the contents and inform the Supplier immediately, in writing, of any discrepancies possibly contained therein. Three days following the communication of such confirmation the order will be considered accepted as is, and will be processed in good faith, should no written notice be received by the Buyer indicating otherwise.

**3. NON-STANDARD ITEMS:** Our technical department has final say on all request for specific moulding profiles and/or custom finishes not contained in our regular line based on feasibility considerations; in such cases, pricing, minimum quantities and lead times shall be agreed upon on an order by order basis. Non -standard items will be produced only after receipt of the Buyer's signed and stamped confirmation, acknowledging acceptance, confirmation that will serve as the basis for production and billing content.

**4. FREIGHT:** All merchandise is shipped at Buyer's risk notwithstanding the goods may be shipped CIF or freight free. For orders to be shipped CIF, all net orders less than Euros 500 will include a supplemental Euros 50 for freight considerations. (Only shipped in Italy).

**5. DELIVERY OF GOODS:** The terms of delivery are not considered binding on behalf of the Supplier until such time as the carrier takes possession of the merchandise. No indemnification shall be considered for direct or indirect loss due to delays in consignment, suspension, interruption or resolution thereof of the delivery of goods.

**6. CONFORMITY OF GOODS:** Conformity of goods to the sample product, whether it be with the first or any other successive shipment, cannot be strictly determined and defined due to the nature of the product: the Buyer should thus allow for a margin of tolerance in details concerning color, material and dimension. The Supplier declines any responsibility for possible catalog, flier or digital representation discrepancies as well as differences in color or finish between such sales tools and the actual product.

**7. PAYMENT:** All payments should always be forwarded to the Supplier's head office, using previously determined means and within the agreed upon terms, without subtractions or alterations to the amounts owing with prior authorization from the Supplier. Checks, promissory notes, bank money order or drafts will constitute full payment following final bank confirmation of the receipt of the funds in question. All payment are due within the pre-determined deadlines regardless of whether the goods, having been delivered in good faith and the Buyer's disposition, are retrieved or not by said party. The payment terms quoted and agreed upon cannot thereafter be extended or renewed. Unpaid or late payments will be subject to monthly interest penalties on arrears based on current rates such time as all outstanding and overdue amounts are remitted. Any and all bank fees pertaining to such payment are at the Buyer's expense and will be invoiced accordingly. Notwithstanding any possible dispute or claims against amounts owing, all payments cannot be suspended or withdrawn.

**8. SUSPENSION OR RESOLUTION OF ORDERS:** Should the Buyer not respect, even in part, any or all conditions of sales or otherwise change, in whole or in part, the status of its business, or its commercial viability, as well as fall subject to possible financial difficulties as reported, even by third party creditors, the Supplier reserves the right to suspend outstanding or future consignment of goods, or request immediate payment for any or all sums owing, or request personal guarantees before proceeding with the consignment or otherwise suspending all in-house orders.

**9. EXCLUSIVE PROPERTY:** Goods delivered remain the exclusive property of CORNICI INCOM s.r.l. until such time as all obligations, terms, and conditions are fully satisfied by the Buyer. The Supplier reserves the right to retrieve the goods if said obligations and full payment are not met and acquitted. Late payment, regardless of the delay, authorizes the Supplier to resolve the issue, either by requesting immediate and full payment, including any and all interest and arrears owing, reclaiming and withholding all goods collected for refusal of settlement for goods purchased.

**10. CLAIMS AND DISPUTES:** All claims must be expressly communicated in writing to the Supplier within eight days following delivery of goods. Such claim however does not invoke the right on behalf of the Buyer to suspend or delay agreed upon payments. The claim shall be accepted following a proper inspection of the goods in question by the Supplier or one of its representatives; should the inspection result in the necessary, complete or partial, replacement of the merchandise, such replacement must be expressly authorized by the Supplier, and will be restituted at no extra cost, freight included. Claims for which the Supplier acknowledges such responsibility, are implicitly understood by all parties to be limited to the settlement of accounts of merchandise, thereby excluding any and all other claims of indemnification for any other type of loss or damage, directly or indirectly arising from such claims.

**11. RETURN OF MERCHANDISE:** The restitution of merchandise and its freight costs must be pre-approved and authorized by the Supplier, who assumes all costs of such return including freight. Credits for the return of new and unused factory goods, in seemingly perfect condition, will be issued to the Buyer at the Supplier's net invoice price, regardless of the price list in effect at such time.

**12. IMPROVEMENTS & MODIFICATIONS:** In an effort to continually to improve upon and correct technical aspects of the product, the Supplier reserves the right to alter and/or apply such aesthetic or technical modifications without prior consultation or advisement. Claims for such, nevertheless, minor improvements and modifications to the finishes or molding from one production series to another, cannot therefore be ascertained.

**13. COMPETENT FORUM:** For all legal purposes or for any controversy arising from said document, all parties agree to settle the dispute within the legal jurisdiction of a competent forum in Pisa, Italy.
